

The Butcher's Mountain

Many Taranaki residents pride themselves on the grand view they have of Mount Egmont from the windows of their lounge, dining room, kitchen, perhaps the laundry, or even the garage.

Surely few, however, can claim to sport such a perfect reflection of the fabulous 8,260ft. cone, as that pictured in this striking study by Douglas Elliott. Owner of Spotswood Butchery, Mr Jack Falconer, (Pictured right with daughter Glenda), is justifiably proud of his shop window display to main road passers by, has one regret: the mountain modestly hides itself in its envelope of cloud too often!

OUR COVER

He's not with us any more; he died just a few weeks after this picture had been taken. His name was "Scotty", the proud companion of Mr F. E. Waterson, 215 Gill Street.

Not a haughty aristocrat; Scotty claimed no fancy pedigree, demanded no pampering, asked no unreasonable favours. His happiness came from being his master's companion. Whatever his master enjoyed, so did Scotty. Just as his master liked a pipe, Scotty felt most at ease with the briar between his teeth. And after all it suits him - don't you think?

This charming study is by Charters & Guthrie.

SCHOOL JUBILEES IN TARANAKI

Throughout Taranaki recently, many schools have celebrated the anniversary of their founding. Old pupils and ex-teachers have come from all parts of New Zealand to take part in these jubilee celebrations. The most was made of the opportunity offered to renew old acquaintances and to reminisce at leisure on those "good old schooldays - dear old golden rule days".

Jubilee celebrations were held during the May school holiday break at Egmont Village, Okaiawa and Uruti, and earlier at Tikorangi and Piko Schools.

While it is not possible for "Photo News" to fully cover these happy celebrations, we have this month included pictures representative of most of these many school jubilees.

Below: The first decade pupils of Uruti School, which celebrated its 60th jubilee, in conjunction with the now non-existent Messenger, Muskens and Pehu schools.

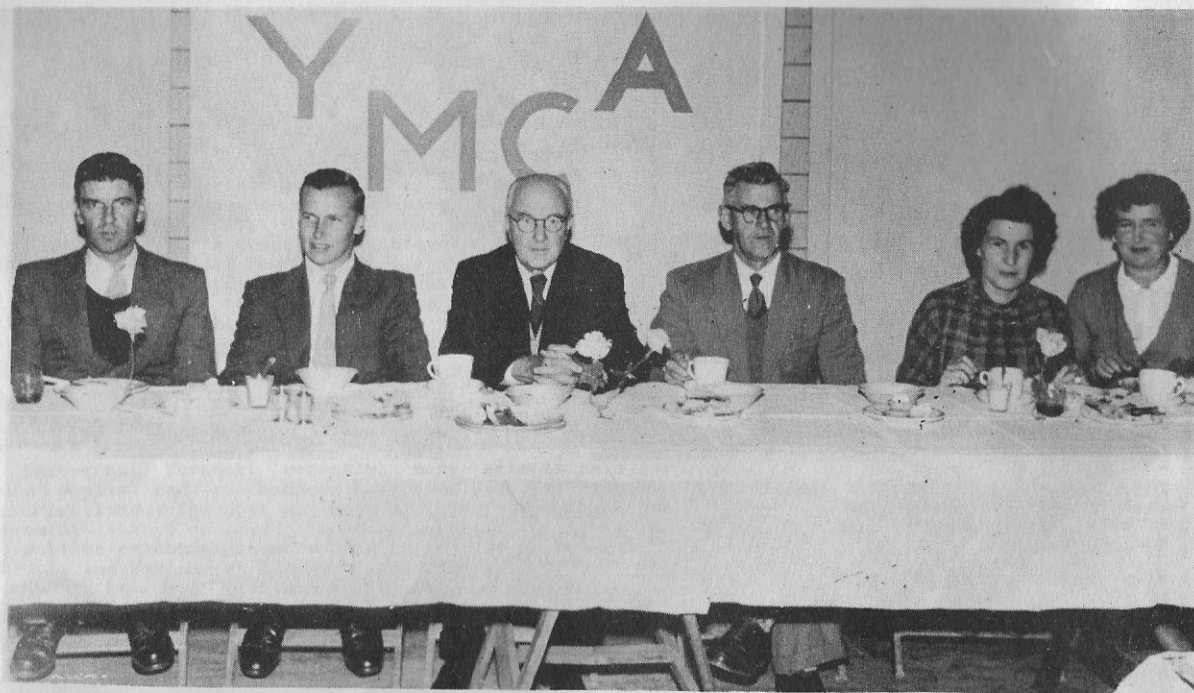

Okato Carnival

The Okato district is proud of the ancient rivalry that exists between the houses of "beach" and "bush". A friendly war has existed for years between these two factions and none would have it otherwise.

To assist in raising funds for improvements to Hempton Hall, a Bush versus Beach Carnival has been organised, with Miss Glenys McCabe (left) representing bush and Miss Joan Goodin (right) for beach.

To inaugurate the carnival a well attended concert was held in Hempton Hall, one of the highlights of the evening being a nothing short of "fantastic" fashion parade by the Country Girls Club. The "mannequins" had attired themselves in whatever they could find around the house that was usable: from toothbrushes and washboards, to lampshades, curtains and awnings.

Y.M.C.A. Dinner for Mothers and Sons

Once a year the young members of the Y.M.C.A. have the opportunity to bring along their mothers to a special mothers and sons dinner. This year, a record number attended the function, the hall being crowded to capacity. Following the dinner, those present enjoyed a special film evening.

Above: Mothers and sons sat down to well stocked tables.

Dredge Ends Half Century of Service

The end of last month marked the end of her service to Port Taranaki, of the 48-year-old bucket dredge "Paritutu". Built in 1910, delivered new to the Taranaki Harbour Board in 1911 for £34,000 she has been sold to the Auckland Harbour Board for £40,000. The port will now be without a dredge until the new £505,000 "Ngamotu" arrives from Scotland about March of next year. As "Paritutu" has worked overtime in her last months of service to the port, it is expected that sufficient work has been completed to keep the port in working order until the new dredge arrives.

Below: A scale model of "Paritutu" which the Taranaki Harbour Board intend to keep "for sentimental reasons".

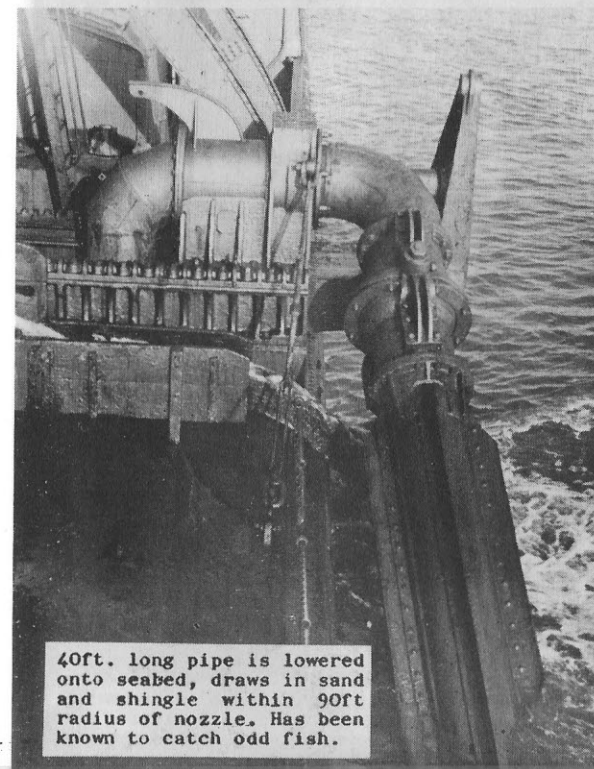

Mate H.S. Wilde in wheelhouse

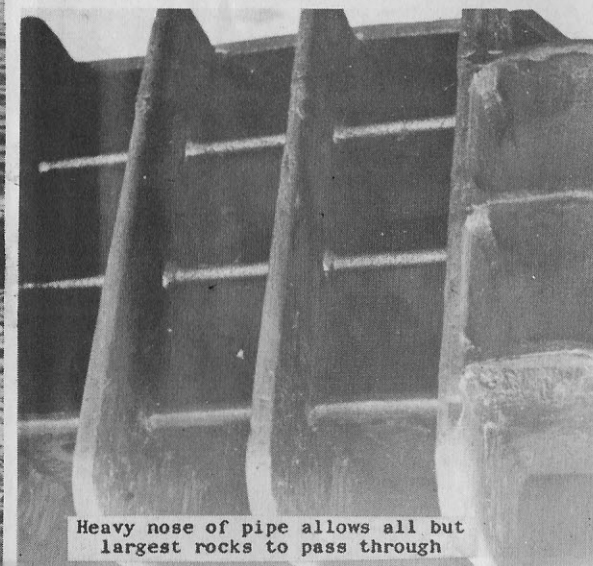

View sternwards down the "bucket line"

"Paritutu" has had 6 masters since her arrival in 1910. J.M. McMahon commanded her until 1925, O.F. McIntyre 1925-31, H.L. Hay 1931-49, J. Flett 1949-51 (now harbourmaster), C. Smith 1951-57. Her present master is Captain Grieve, who will command "Paritutu" on her long voyage to Auckland. As the dredge carries only two days fuel, she will be calling for re-fueling at Wellington, Napier, Gisborne, and Tauranga. Unless held up by bad weather, the voyage is expected to take about 10 days.

Haven for Old Folks

In Liardet Street stands an unpretentious, light grey building, with yellow facings, known to all as the "Old Folks' Hall". Many have attended dances and other social functions there when the hall has been let. But how many are fully aware of the building's real function - as a gathering place for the members of New Plymouth's Old Folks' Association? Every afternoon old friends gather there to enjoy a game of bridge, test their skill at Bowls, or just to sit in comfort with their fellow members. Pictures on this and the following two pages were the result of "Photo News" visit to the hall on a recent Friday afternoon.

Although nearly blind Mr Smith ranks as one of association's leading bowlers

90-year-old Mrs Sutton was oldest lady member in hall on day of our visit

By today's standards, it is almost incredible that any organisation can exist on an annual subscription from its members of a paltry 2/6! For this insignificant sum, the New Plymouth Old Folks' Association offers, to any person over 60, all the facilities of their organisation. One can join in a game of bridge, cribbage, try one's skill on the bowling mat, browse over the book shelves of the well stocked library, or just sit in comfort for a quiet chat.

Naturally an important part of the day is afternoon tea. Ladies take turn about in preparing the tea and the men help in serving it.

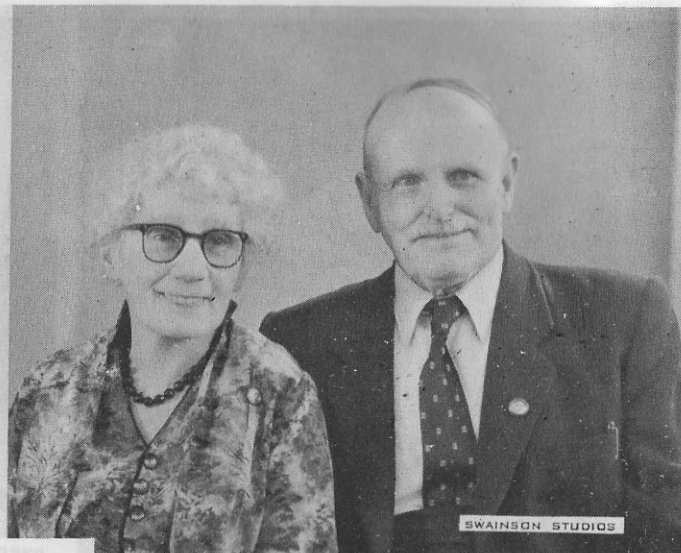

Above: Mr T. Blair brings out a tray of freshly brewed tea from the kitchen.

ATC Airborne

When an R.N.Z.A.F. Harvard aircraft was flying nonchalantly over New Plymouth recently, many a resident wondered if this stranger had lost his way. This was far from the truth. Flying Officer P. Rule was taking young members of the A.T.C. on short flights as part of their A.T.C. training. Needless to say, the boys enjoyed it, although one or two did find it something of a strain on their interiors!

Trial by Night

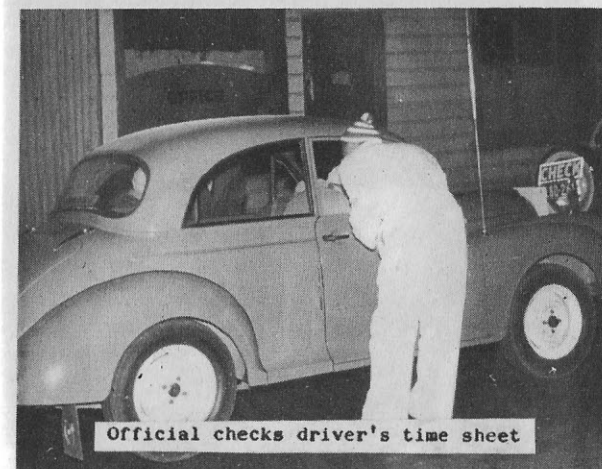

Of the 31 starters in the Taranaki Car Club's 24-hour time trial, only two found it necessary to withdraw: one got lost; the other suffered mechanical trouble.

Over 300 miles in length, the trial was started from Hawera by the Mayor, Mr F.W.Finer, at about 7 p.m., followed a course spanning the length and breadth of the province, ended in Hawera at 9 a.m. the following day.

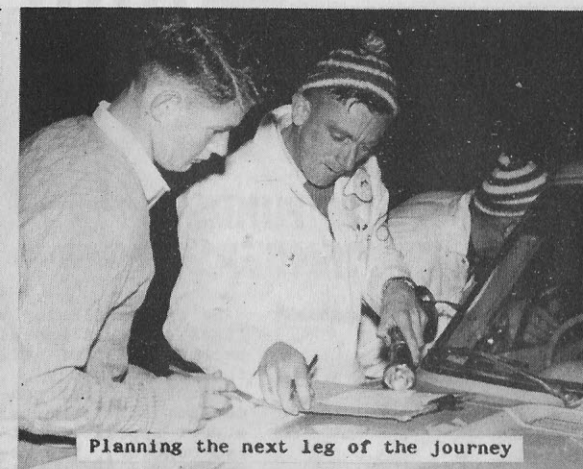

"Photo News" met the trialists as they arrived at Inglewood, after midnight. At this half-way point, trialists checked in, refueled both their cars and themselves, in preparation for the second leg of the journey.

RED CROSS APPEAL

FOR RELIEF FUNDS
And NEW MEMBERS

THIS WEEK

No one particularly likes a street appeal, perhaps least of all the collectors.

When Red Cross conducted their annual street appeal recently, however, few refused, for International Red Cross offers a service to humanity incomparable with any other organisation.

In addition to the street appeal, Red Cross had clothing and food stalls in Currie and Brougham Streets.

Children and their Pets

Somehow it seems right and proper that a child should have a pet - be it a pure-breed Persian, or mangy back-alley cat; an aristocratic collie, or a no account mongrel. Whatever its pedigree, classic, or non-existent, to its owner it's just the most wonderful animal one could wish for. And that, of course, is as it should be. Just how much affection is lavished on their charges, was apparent at the S.P.C.A. Junior Pets Parade in Queens Hall recently.

High Schools Music Festival

With over 300 voices the combined choirs provided a solid and impressive basis for the New Plymouth High Schools Eighth Festival of Music held in the Opera House last month. The choirs completely filled the stage (group picture, opposite page), both physically and musically, in such a way that it could not fail to impress their audiences.

"Pygmalion" Centenary

The New Zealand Players' presentation of Bernard Shaw's "Pygmalion" in New Plymouth on May 5th and 6th was, for them, something of a landmark. The first night here was their 100th performance, the first Players' production to make the century.

Picture on opposite page shows the entire company, proudly displaying "House Full" sign, outside the Theatre Royal, Christchurch, on the occasion of their Dominion premiere.

Stratford Scouts' New Home

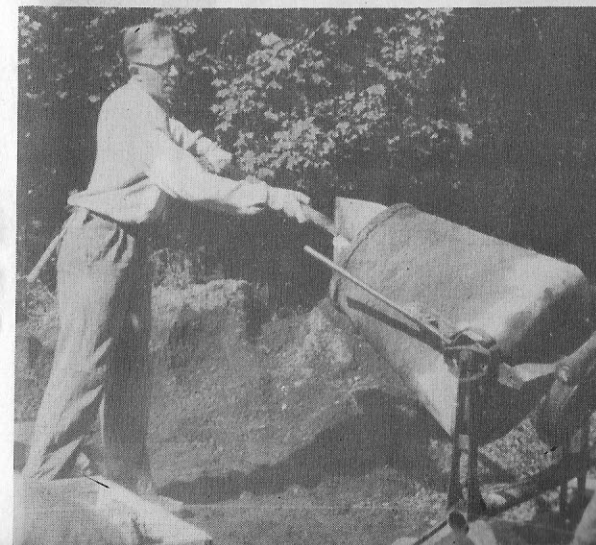

Few have ever denied the benefit to youth and society in general of the scouting and girl guide movements. As so often happens, however, the inevitable question of accommodation poses a problem not easily solved.

In Stratford the problem is being overcome by the enterprise and sheer hard work of a number of organisations who have given their full support to the scout committee.

A Scout and Guide Hall building is being erected with voluntary labour given freely and willingly by parents and members of Rotary, Junior Chamber of Commerce and the Legion of Frontiersmen.

The 30ft by 40ft building is being constructed of locally manufactured concrete blocks and several firms are contributing other necessary materials at generous discounts.

Pictures on this page, of the building work in progress, were sent in by Mr R.V.Boyes, the Scout Committee chairman.

Successful Competitions

A record entry of 2,150 for the ninth annual festival of St. Mary's (New Plymouth) childrens competitions, made the five day festival both successful and of a higher standard than has been attained in previous years.

So large were the entries that it was necessary to utilise the facilities of five halls, throughout the week, with the final demonstration concert in the New Plymouth Opera House.

Pictures of the scholarship and trophy winners are featured on the following four pages.

Chess Championships in New Plymouth

The walls of the Technical School resounded to the almost overwhelming silence of intense concentration. Master strategists carefully planned their attack with their line-up of pawns, knights, bishops, queens and kings. The occasion was the North Island Chess championships for the impressive "Charles Belton Trophy", pictured above in an appropriate setting.

Below left: New Plymouth's Roger Court, a previous runner-up in N.Z. champs, was 4th equal in North Island tournament, strongest Taranaki player.

Below right: Anthony Butler, New Plymouth Boys' High School, was youngest competitor in tourney.

A Camera in Uruti Valley

Right: Hawkes Bay claim a record for an A.A. road sign bearing the longest place name; a 57 letter monstrosity reading "TAUMATAWHAKATANGI-HANGAKOAUAUOTAMATEAPOKAIWHENUAKITENATAHU"!

Perhaps Taranaki can claim the opposite record for the briefest road sign, a few miles up from the school on the Uruti Valley road. Perhaps not as impressive as the Hawkes Bay colossus, but far simpler to pronounce!

Below: A few miles further up the Uruti Valley, the road unexpectedly disappears into this solid cliff face. Named "Tangitu", the tunnel is over nine chains long, supported only by wooden beams in the roof. It was finished about 1923. Early settlers in the area can recall the large works camp nearby during the tunnelling operations.

Boost for New Plymouth Skating

Pictured here is Miss Avis Bell, Palmerston North, national Women's figure skating champion and gold medallist. The ease and precision with which she moved into a spin (left), or left the floor in a spectacular leap (right), had local enthusiasts gasping. 18-year-old Avis Bell was here at the invitation of the New Plymouth Coronation Roller Skating Club, conducted coaching lessons during the last week of the school holidays.

SCHOOL CELEBRATIONS

Over 600 at Okoki-Piko Jubilee

Well over 600 people attended the various functions organised to celebrate the 50th anniversary of the combined Okoki-Piko schools. Picture above was taken at the opening ceremony, where over 60 members of the Whittaker family were present, including Mr F. Whittaker, who was jubilee committee chairman.

Below: Okoki school's first decade pupils.

Large Attendance at Tikorangi

The grounds of Tikorangi school were crowded with pupils, ex-pupils, teachers past and present, and friends, for the official opening ceremony for the celebrations marking Tikorangi school's 90th anniversary. Those taking part in the celebrations varied in age from the five-year-old toddlers to those who can look back to the days when Taranaki, indeed the whole of New Zealand, was a raw young colony. To the elderly pupils especially, the school anniversary was an opportunity to reflect on the tremendous strides in progress that have been made since those early days of struggle.

Above: The scene at Tikorangi school's opening ceremony to their jubilee.

Below: Pupils present at the Tikorangi anniversary who attended the school between the years 1867 and 1887.

Right: With any jubilee or reunion function, the formal is invariably counterbalanced with a dash of the frivolous. The frivolity was adequately supplied at the Tikorangi school jubilee in a parade which included such unusual displays as this. A weird combination of the horse and mechanised ages, this one was labelled "local farmers hack".

Below: Early pupils of Piko school pose in the schoolgrounds for their official portrait.

A feature of the Okoki-Piko jubilee celebrations was the opening ceremony, at which the oldest ex-teacher present, Mrs A. McDonald, called the former pupils to order and rang the bell from the original school building, which was destroyed by fire in 1951.

Following this, Mrs Fitzgerald, the teacher with the longest present service, called the roll, which was answered by 220 ex-pupils.

Deb. Ball at Uruti

The 60th jubilee of Uruti and combined schools was opened with a debutante ball in the Uruti Hall, about 400 people attending.

The official party comprised the member of Parliament for Stratford, Mr T.T. Murray, to whom the seven debutantes were presented, the Taranaki Education Board representative, Mr J.N. Laird and Mrs Laird, the northern ward member of the board, Mr J.R. Miller and Mrs Miller, and the head teacher, Mr E. Okey and Mrs Okey.

Pictured above are the seven debutantes with Mrs Laird and Mr Murray. From left to right they are: Misses M. King, M. Radcliffe, M. Kofoed, Mrs Laird, Miss M. Bramley, Mr T.T. Murray, Misses L. Herbert, M. Sanson and J. Laurence.

Two First-day Pupils at Egmont Village

Two of the pupils who attended Egmont Village school when it first opened in 1877, were present for their old school's 81st jubilee celebrations. They were Messrs G.H. Swann and F. Gyde. Mr Swann, who is 87 and the oldest former pupil, flew from Waiheke Island to attend the jubilee.

Above: Chairman of the jubilee committee, Mr H.F. Olsen, addresses past pupils.

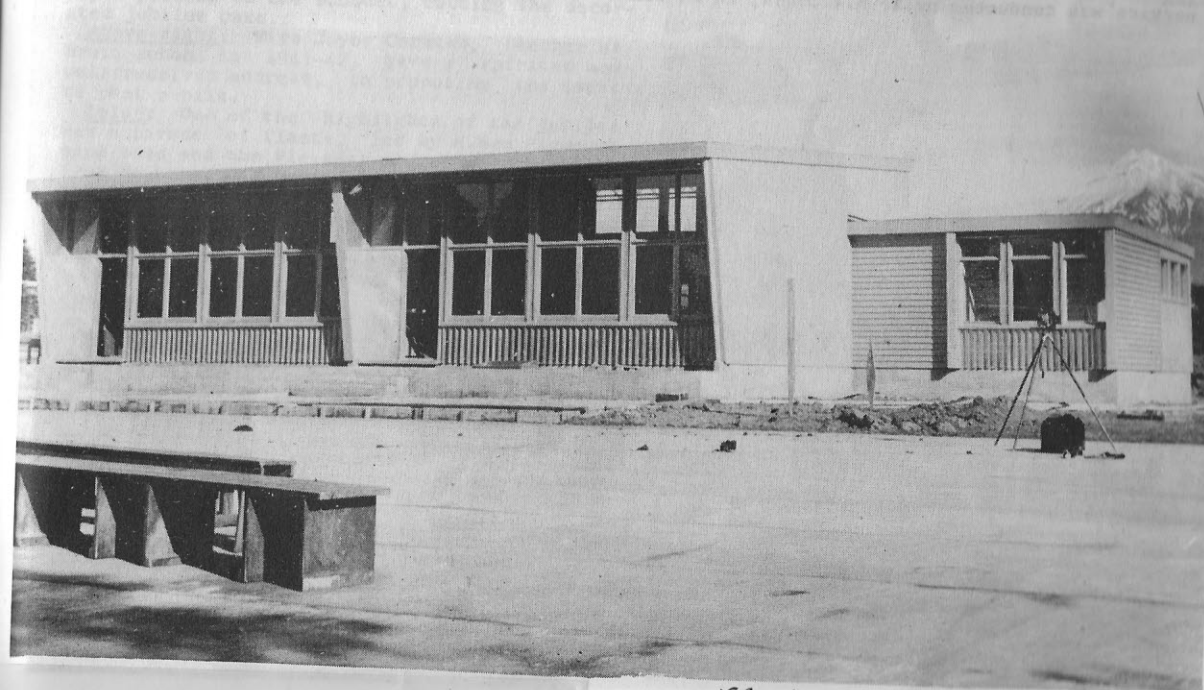

Below: First decade pupils line up for their official portrait. Mr Swann, the oldest former pupil present, is seated in front row, centre, holding Egmont Village banner.

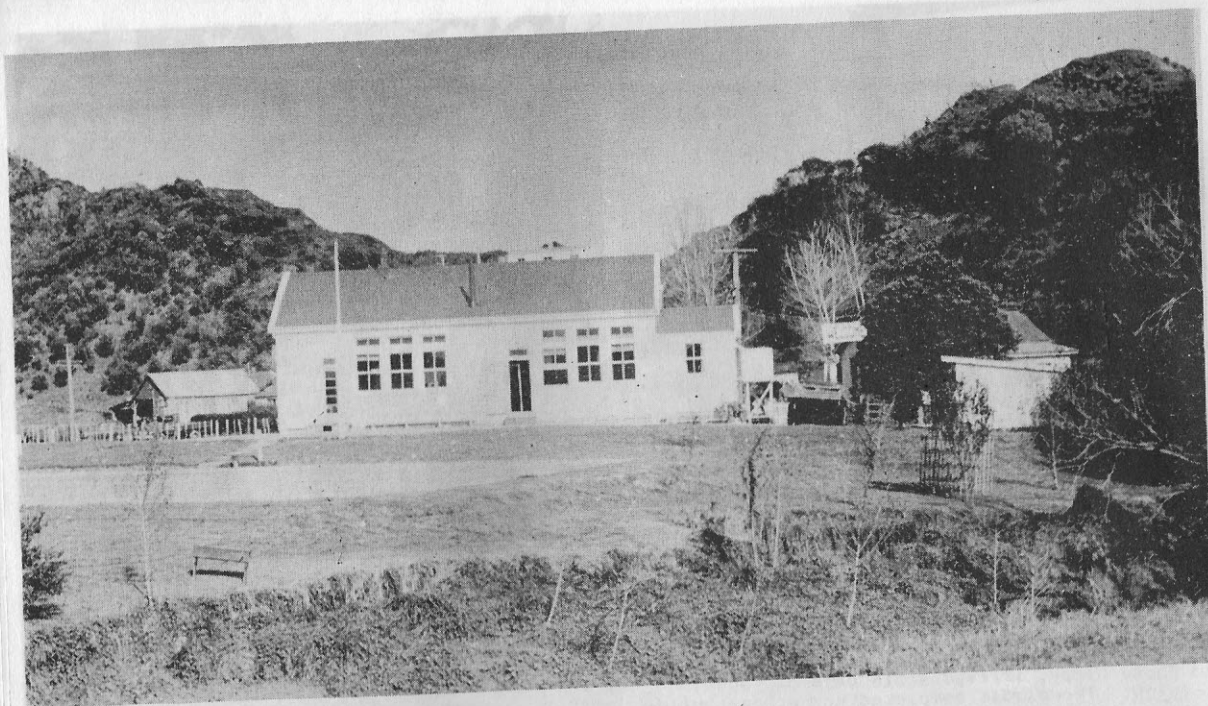

Some 600 people attended the Egmont Village school's roll call, the jubilee banquet in Mangorei hall attracted 320 and about 200 joined in a church service held in the Egmont Village hall. Past and present pupils competed in a fully supported sports meeting and the ball, which concluded the celebrations, had Mangorei hall virtually overflowing.

Above: Following the roll call, afternoon tea was served to past pupils and ex-teachers, who made full use of the opportunity to look back to those happy, irresponsible days of youth.

Below: The almost completed new school building, hard by the old building, attracted much attention amongst the visitors, many of whom admired the modern design.

Combined Jubilee at Uruti

The 60th jubilee celebrations of Uruti school were held in conjunction with the now closed schools of Messenger, Musker's and Pehu, small schools which catered for small isolated communities around the district. With the steady improvements in roading and transport the need for these smaller schools was no longer apparent. Musker's school started in a lean-to shack in 1908, closed in 1939. Pehu school lived from 1934 until it was closed in 1950.

Above: The present Uruti school nestles comfortably in the cradle of the bush-covered hills behind. Below: A church service, held by the memorial wall fronting the Uruti church, was well attended. The service was conducted by Mr N.V. Jones, an ex-committee member and former Pehu resident.

Above: Uruti's jubilee banquet, held in the Uruti Hall, was an undoubted success. Pictured here is Mrs W. Oxenham, the oldest first day pupil present at the banquet, cutting the decorated jubilee cake.

Above right: Miss Joyce Cornish, teacher at Uruti school in 1941-42, gave a spirited and well received address, in proposing the toast to past pupils.

Below: One of the highlights of the jubilee was a parade of floats, led by a New Plymouth pipe band and the Pleiades midget marching team from Waitara. Old buggies and gigs, such as the one pictured here, were resurrected and specially decorated for the occasion.

Jaycettes Meet

Once a month the female counterparts of the New Plymouth Jaycees assemble. In May they were lucky to have a well-known local hairdresser to demonstrate hair styling and setting. He also had many questions to answer which the interested group fired at him.

Rep. Rugby Season Opens

With a decisive 23-0 victory over Wanganui and a 14-13 in the Taranaki-Wanganui B's, the rep rugby season has got off to a good start for Taranaki.

The trial match between Taranaki B and Okato held a week prior, however, was far from as reassuring. Okato defeated the B team by eight points to six, the B team's points all coming from penalty goals kicked by the consistent E. Ward. For Okato O'Sullivan went over for the one try of the match, Aylward converted and kicked a penalty.

Although the match was played in reasonably fine weather, heavy rain earlier had soaked the ground, which soon developed into little better than a mud bath.

Above: Okato players Looney, O'Sullivan and Hill move in, just after Waldon, Taranaki, has kicked for touch (ball above car at far left).

Centre: Okato hooker D. Goodwin was a sorry sight in mud-blackened strides and two thirds of jersey gone.

Malayans' Speedy Badminton

Some 600 spectators filled the Star Gymnasium to watch a thrilling display of badminton by the four members of the Malayan students' team, when they visited New Plymouth last month.

Although the visitors won all five rubbers against their Taranaki opponents, they were not all easy victories and Malayan student Ong Eng Hong, Australian singles champion, described Taranaki's top players as "among the best we have met in New Zealand", compared them with Auckland where the team opened their tour.

Overseas Crafts Display

With the object of indicating the world wide affiliations, the North Taranaki branch of the Federation of Country Women's Institutes, approached overseas branches for examples of their native handcrafts and, with the results, arranged a display in the Whiteley youth centre.

Raratongan display (above left) included a hand-carved turtle, coral and shell bead necklets. From Scotland (above), harvest knots, a deerskin bag and home made jewellery.

Home-made toys, sea shell trinkets, etc., were by local members of C.W.I.

Legion of Frontiersmen Meets

Squadron commanders and members of the Legion of Frontiersmen gathered in New Plymouth from all parts of the country, to attend their annual conference held here recently. Opening with a Squadron commanders meeting on Saturday morning, the weekend activities included a reunion at the Agricultural Hall, a church parade and service at St. Mary's Anglican Church.

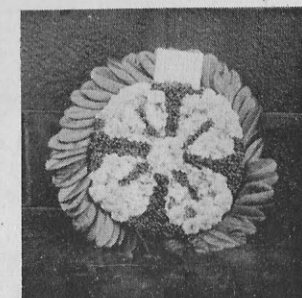

Above: Light rain was falling as the Legion paraded for wreath laying at the cenotaph.

Right: Wreath was floral replica of Legion badge, which in turn is circular replica of Union Jack

Below left: N.Z. commandant J.C. Findlater and O.C. "L" Squadron (Taranaki) Capt. J.H. Sampson.

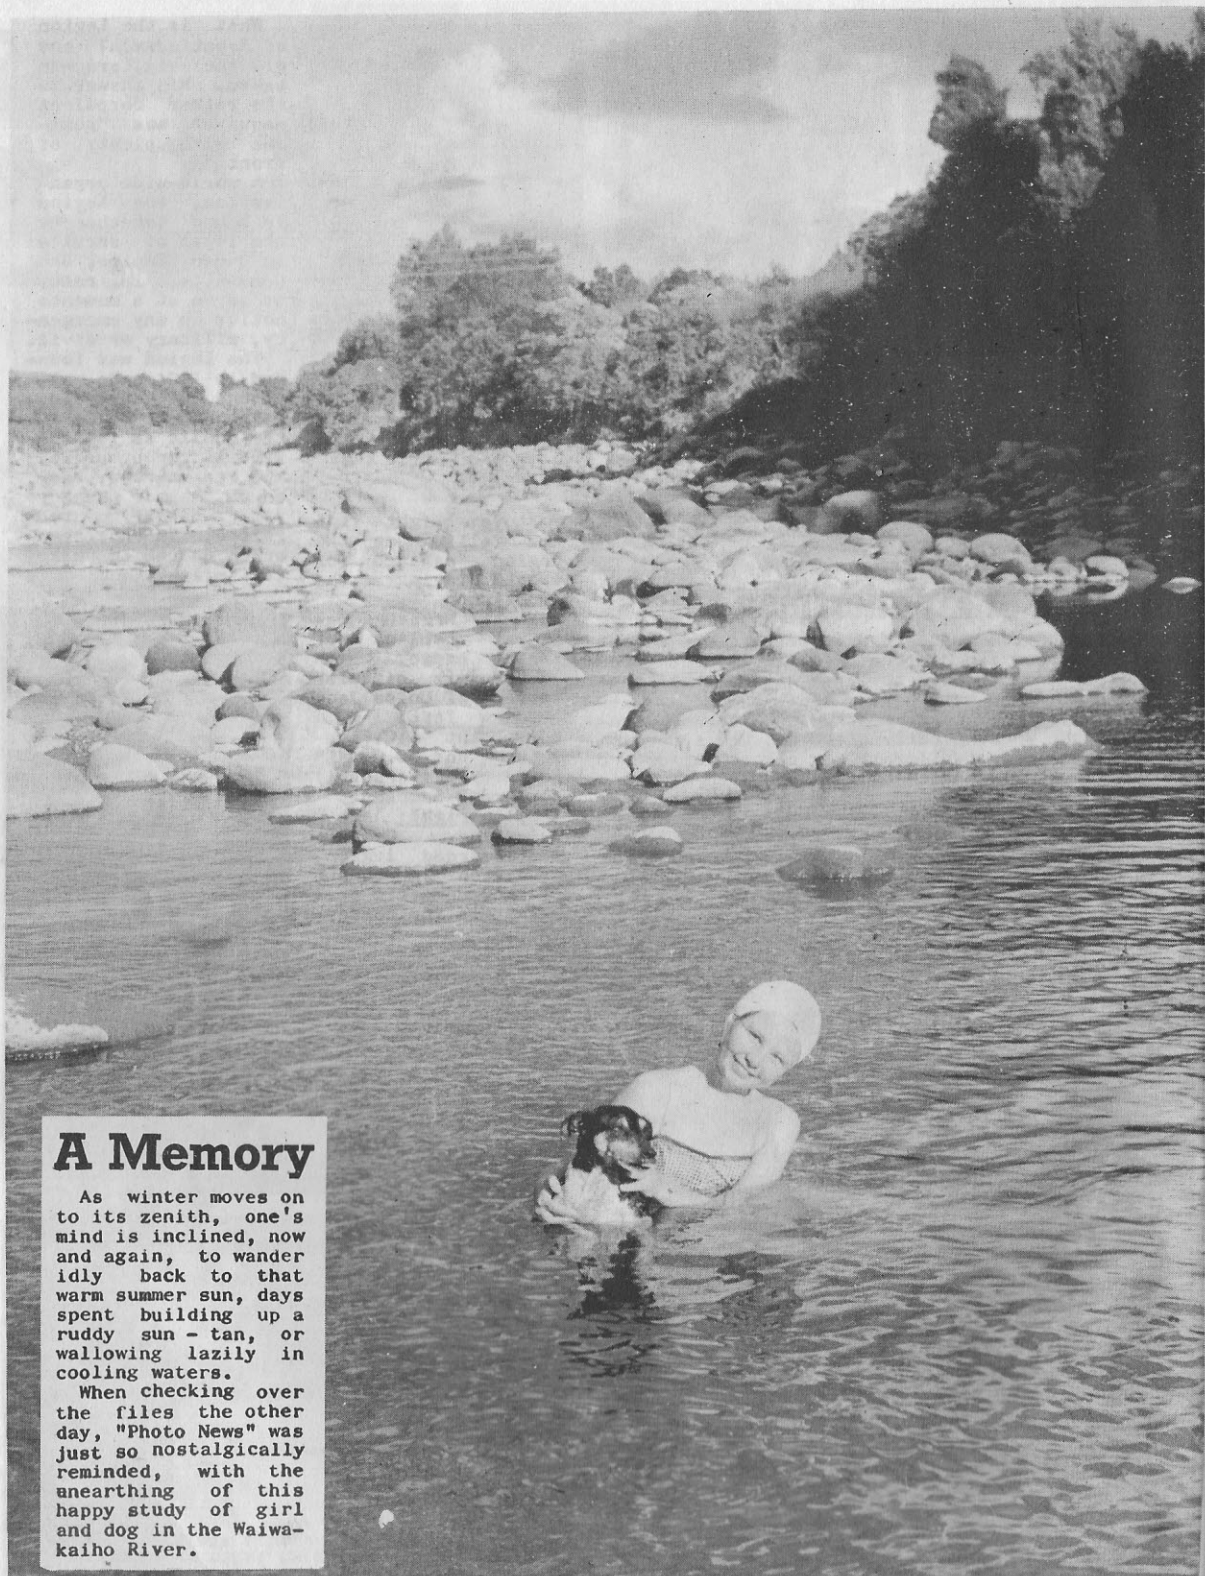

Below right: Mrs E. A. Langley, Oakura, was awarded legion medallion in honour of her domestic arrangements for conference.

What is the Legion of Frontiersmen? one of the visitors was asked. His answer to the rather corpulent enquirer was "someone with plenty of front!"

A world-wide organisation, the Legion is bound together by the ideal of service to Queen, Empire, and Community, is ready to serve at a moments notice in any emergency, military or civil.

The Legion was founded in 1904 and, although 54 years old, is not well-known to the public as its service is unobtrusive, and its uniform, based on that of the Royal North West Mounted Police, is not seen often enough to make it familiar.

A Memory

As winter moves on to its zenith, one's mind is inclined, now and again, to wander idly back to that warm summer sun, days spent building up a ruddy sun - tan, or wallowing lazily in cooling waters.

When checking over the files the other day, "Photo News" was just so nostalgically reminded, with the unearthing of this happy study of girl and dog in the Waiwakaiho River.

Farewell . . .

As this issue of "Photo News" goes to press, the Taranaki Harbour Board's dredge, "Paritutu", after completing almost a half century of service to the port, prepares to leave on a long journey, to be handed over to her new owners in Auckland. Pictured here is the all too familiar sight of "Paritutu", steaming out into the bay, to dump one of her last loads of spoil.
